WELSH AUTOMOTIVE FORUM DIRECTORY OF MEMBER COMPANIES

FOREWORD	3
CATEGORIES	6
A-Z INDEX OF MEMBER COMPANIES	8

Welcome to our 4th edition of the Welsh Automotive Forum Members Directory. This is by far our most comprehensive edition and my sincere thanks go to all those who have contributed by placing adverts, that make this publication possible.

I encourage all members to actively use this valuable resource to discover new customers, suppliers and service providers. We will promote the depth and breadth of the sector in Wales to Vehicle Manufacturers and Tier 1's across the UK and Internationally.

Whilst at the time of writing this forward we do not fully understand the impact that Brexit will have on our industry, we do know however, that the key pillars of innovation, competitiveness, productivity, talent, and localisation are of upmost importance in winning new business, both at home and overseas.

Collaboration between Industry and our institutions of academia are pivotal to maintain an innovative and competitive edge and we will continue our work in bringing both parties together. In addition, we will promote the support available from the Welsh Government, Innovate UK, the Advanced Propulsion Centre, UK Automotive Council and the SMMT.

We see increasing opportunities for local sourcing and are actively working with members to find new suppliers. Working with Industry Wales, the Enabling Technologies and Aerospace sectors, we must take advantage of the transition that is taking place in vehicles, transport and infrastructure.

Announced in May 2018 the Welsh Government's Economic Action Plan (EAP) has 5 calls for action and the WAF Strategic Plan is aligned to deliver outcomes against:

1. Decarbonisation
2. Innovation, Entrepreneurship and Headquarters
3. Exports and Trade
4. High Quality Employment, Skills Development, and Fair Work
5. R&D, Automation, and Digitalisation

The Welsh Automotive Forum, under the guidance of Professor Richard Parry-Jones CBE, WAF Chair, supported by our Board of Directors and WAF's Operational Team, will ensure that we continue to provide key support to our members and stakeholders, increasing the value of membership and generating greater economic output for Wales.

Thank you and best wishes for the years ahead.

Tim Williams

A-Z INDEX

A

A2B Plastics

Swan Road, Mochdre Business Park,
Colwyn Bay, LL28 5HB
Telephone: 01492 544332
Website: www.a2bplastics.co.uk

Products and Services:

Injection Moulding, Plastic Packaging, Screen Printing, Foam Inserts Toolmakers, Plastic Product Design, Plastic Carry Cases, Plastic Boxes, Plastic First Aid Boxes.

Advance Spares

Unit 21, Vauxhall Industrial Estate, Ruabon,
Wrexham, LL14 6HA
Telephone: 01978 823900
Website: www.aslgroup.co.uk

Products and Services:

Manufacturer and supplier of fasteners; cold formed screws; bolts, machined parts; turned parts; plastic fasteners; pressed parts and assembled components; brass tubular rivets.

Allevard Springs Ltd

Cambrian Industrial Park, Clydach Vale,
Tonypandy, Mid Glamorgan CF40 2XX
Telephone: 01443 424 700
Website: www.allevard-rejna.com

Products and Services:

Suspension springs for cars and light vans.

Allied Aerosystems Ltd

Avionic and Metrology Centre, Unit G1, Main Avenue,
Treforest Industrial Estate, Pontypridd, CF37 5YL
Telephone: 01443 849970
Website: www.allied-aerosystems.com

Products and Services:

An ISO17025 and ISO9001 accredited laboratory with a Worldwide customer base, providing a Calibration; Maintenance and Repair service for Test Equipment. Configurable services to meet specific requirements and budgets. We are talented in maintaining difficult bespoke equipment or fixed assets, often finding innovative and efficient solutions for customers. Trusted by: major Airlines; High voltage and Biomedical manufacturers, Hospitals; Aircraft Engine manufacturers and Telecommunications providers to provide excellence in equipment measurement.

Applied Component Technology Ltd

Unit 54 Clywedog Road South, Wrexham
Industrial Estate, Wrexham, LL13 9XS
Telephone: 01978 660100
Website: www.applied-components.com

Products and Services:

TS16949, T1/T2 full service supplier of interior trim • Composite loadspace floors • Electric/manual sunblinds • Loadspace covers • Barrier nets • NVH materials. • Injection moulding up to 900 tonne for multiple industries • Sustainable bio-resin/natural-fibre composites for automotive and aerospace interiors and related products. Automated assembly systems • ISO14001.

ASTUTE 2020

Engineering Central, Swansea University, Bay
Campus, Fabian Way, Swansea, SA1 8EN
Telephone: 01792 606378
Website: www.astutewales.com

Products and Services:

The ASTUTE 2020 university partnership enables greater levels of business innovation in future manufacturing through effective collaboration between industry and academia. ASTUTE 2020's aim is to drive productivity and growth within the high-value manufacturing industry across Wales by leading and supporting cutting-edge Research, Development and Innovation. We apply advanced engineering knowledge to manufacturing challenges to develop advanced and sustainable future technologies for the global market. This operation is part funded by the European Regional Development Fund, through the Welsh Government.

Avon TSA Ltd

Blaenant Works, Brynmawr, Ebbw Vale, NP23 4BX
Telephone: 01495 312666
Website: www.avon-group.co.uk

Products and Services:

Avon TSA are suppliers of Non-metallic components to industry. We offer solutions using materials such as 3M Thinsulate. Nitto EPT plus a wide range of anti-rattle tapes and PU foam gaskets. We have moulding facilities up to 850t and can vac-form complex forms such as air ducts.

A-Z INDEX

B

BAW Precision Engineering Ltd

Alloy Industrial Estate, Pontardawe, SA8 4EZ
Telephone: 01792 862141
Website: www.bawengineering.co.uk

Products and Services:

A High Precision CNC machining company established 1976 providing the automotive sector on both national and international levels with "In house" design and manufacture of jigs, fixtures and specialist tooling required in the modern manufacturing environment. BAW have recently been awarded ISO 9001 – 2015 making it the choice for quality when selecting a partner to provide your engineering solutions. In addition to our extensive machining facility, BAW also operate a Design and Automation Division, employing mechanical and electrical control design engineers working closely with our customers to provide turnkey solutions specifically tailored to their needs.

Bergstrom Europe Ltd

41 Sycamore Close, Dyffryn Business Park, Ystrad
Mynach, Mid Glamorgan, CF82 7RJ
Telephone: 01443 862 122
Website: www.bergstrominc.com

Products and Services:

Design and manufacture of air conditioning and heaters for off-highway vehicles and equipment and Niche automotive.

BJ Seals Ltd

Unit 38 Rassau Ind. Estate, Ebbw Vale, Blaenau
Gwent, Wales, NP23 5SD
Telephone: 01495 307665
Website: www.bjseals.com

Products and Services:

Oil seals, gaskets, rubber/metal bonded, steering parts (links, bushes and mountings), plastic mouldings, hoses, cables and fasteners.

Bollore Logistics

Unit E4 Main Avenue, Treforest Industrial Estate,
Treforest, Pontypridd, CF37 5UR
Telephone number: 01443 848400
Website: www.bollore-logistics.com

Products and Services:

Bollore Logistics is a Global leader in Supply Chain Management, providing end to end forwarding and warehouse services worldwide. Bollore's global brand offers unique expertise working with major industries including Automotive, Aerospace, Healthcare and other key verticals enjoying successful partnerships with our clients around the world. Bollore Cardiff consists of 95,000 sq ft of logistical and customer service support serving a local and global customer base.

Brother Engineering Ltd

Alloy House, Tawe Terrace, Pontardawe,
Swansea, SA8 4AH
Telephone number: 01792 832346
Website: www.brother-engineering.com

Products and Services:

Specialist engineering solution provider, cost down and turnkey manufacturing solutions. Design, manufacture and service of jigs, fixtures and special tooling. Welsh agent for Roemheld UK, supplier of Hilma 5-axis vices, Roemheld hydraulic clamping, Stark Zero Point Mounting Systems, M-TECS Magnetic Clamping, Modulog assembly and handling equipment and Kostyrka Clamping Sleeves. Welsh agent for AMS CNC vertical, horizontal, single and TWIN spindle machining centres. Providing manufacturing solutions centred on these products.

Burns Recruitment Ltd

Ty Menter, Navigation Park, Abercynon, CF45 4SN
Telephone: 01443 741318
Website: www@burnsrecruitment.co.uk

Products and Services:

Specialists recruitment for the Automotive, Engineering, Technical and Food sectors. Highly skilled consultants who cover the Permanent, Contract and Interim positions up to Director level. We become part of your team and share your objectives.

Advance Spares

SUPPLIER TO THE OEM AND AUTOMOTIVE INDUSTRY

Unit 21, Vauxhall Industrial Estate, Ruabon, Wrexham, LL14 6HA, UK
T: +44 (0) 1978 823 900
E: sales@aslgroup.co.uk

An "ISO 9001 Approved Supplier"

www.advancerivets.co.uk

Specialist Supplier of Seals & Sealing Devices

- **Genuine parts supplier including Land Rover and MG Rover**
- **Bespoke development capability**
- **All traditional seal and material types available**
- **Large range available for passenger cars, agricultural and construction applications**
- **Rubber & rubber to metal components, including mouldings, extrusions and hoses**

A-Z INDEX

C

Caerbont Automotive Instruments
Unit 1 Caerbont Industrial Estate, Abercrave, Swansea, SA9 1SH
Telephone: 01639 732 200
Website: www.caigaugce.com

Products and Services:
Caerbont Automotive Instruments Ltd (CAI) is an independent company in South Wales engaged in the design and manufacture of discrete instruments, instrument clusters, senders, electronic control and interface modules and wiring harnesses for the specialist automotive, industrial and marine markets.

Calsonic Kansei Europe Plc
Llethri Road, Llanelli, Carmarthenshire, SA14 8HU
Telephone: 01554 747000
Website: www.ckeurope.com

Products and Services:
Design of Heat Exchange, Climate Control and Exhaust Systems, Cockpit Modules, Electronics and Compressors. Manufacture of Heat Exchange and Climate Control systems, Climatic Wind Tunnel and Vehicle Anechoic Chamber facilities.

CAMS Cardiff Ltd
Fleetway, Penarth Road, Cardiff, CF11 8TY
Telephone: 029 2046 2200
Website: www.camscardiff.co.uk

Products and Services:
Linear encoders, Digital readout systems & SPC, Rotary encoders, Angular encoders, Digital length gauge systems, 3D touch probes, Computer numerical control, Machine tool inspection equipment, HEIDENHAIN Distributor, BAUMER Distributor, HUBNER Distributor, THALHEIM Distributor, LAMBDA PHOTOMETRICS.

Cardiff University
School of Engineering, Queens Buildings, Cardiff University, The Parade, Newport Road, Cardiff, CF24 3AA
Telephone: 02920 874429
Website: www.cardiff.ac.uk/engineering

Products and Services:
Research and Development for: Materials and Manufacturing, Body & Chassis Parts & Fixings, Suspension, Steering and Brakes, Electrical/Electronic Parts and Systems, Powertrain. Professional Services.

Cats and Pipes Ltd
Merlyn Office, Babell, Holywell, Flintshire, CH8 8PZ
Telephone: 01352 720 725
Website: www.catsandpipes.co.uk

Products and Services:
Manufacture of Diesel particulate filters, Catalytic converter, Substrates. Research and Development of catalyst coatings for CNG / LPG / Diesel / Petrol / Marine. Direct fit applications. Engineering division.

CBM Wales
Ethos Building, King's Road, Swansea, SA1 8AS
Telephone: 01792 341774
Website: www.cbmwales.co.uk

Products and Services:
CBM is a state of the art, advanced manufacturing facility that is research-based but commercially focussed. It is at the forefront of new technologies such as Electron Beam Melting, Advanced Digital Capture and Stereo Lithography. CBM's research and knowledge transfer capabilities are available to companies, in a highly accessible and secure manner, using the language, techniques and conventions of the manufacturing sector.

A-Z INDEX

C

Centric Recruitment
Tudor House, Hanbury Road, Pontypool, NP4 6JL
Telephone: 01495 363936
Website: www.centricrecruitment.co.uk

Products and Services:
Vast experience of supplying quality staff to the automotive sector (both Temporary & Permanent), coupled with a training division that specialises in the delivery of BIT / LEAN training. A network of offices managed by some of the industries leading consultants.

Chemical Corporation Ltd
Atlas House, Unit 9, Bedwas Business Park, Bedwas, CF83 8DU
Telephone: 02920 880222
Website: www.chemcorp.co.uk

Products and Services:
Chemical Corporation are licensed distributors for Mobil oil offering our customers OEM approved Gear, Hydraulic and Compressor oils. Our lubricant Engineer can provide site surveys and oil condition monitoring and cost saving. We offer a comprehensive range of absorbents, Tygris Aerosols, Cleaning detergents, Paper products, Nomix weed-killers and Rock Salt.

Compound Semiconductor Centre
Pascal Close, St Mellons, Cardiff, CF3 0LW
Telephone: 02920 839400
Website: www.compoundsemiconductorcentre.com

Products and Services:
CSC connects University and Industrial partners using funded collaborative research programmes to develop new and enabling automotive technologies. We offer local development services for Wide Band Gap devices for EV inverters/convertors, high temperature sensing and laser devices for LIDAR applications. Working with the new Compound Semiconductor Cluster in South Wales, CSC provides rapid routes to market for new products through a connected local supply chain including a TS16949 qualified semiconductor device manufacturer.

Continental Teves UK Ltd
Waun-y-Pound Industrial Estate, Ebbw Vale, Gwent, NP23 6PL
Telephone: 01495 350350
Website: www.continental-corporation.com

Products and Services:
Hydraulic braking systems for the Original Equipment Manufacturers in addition to Original Equipment spares and After Market sales. Duo Servo parking brakes for OEM and After Market. Sub contract acid/zinc nickel racking plating under our ZINTECH brand (www.zinctech.com).

Control2K
Waterton Technology Centre, Waterton Industrial Estate, Bridgend, CF31 3WT
Telephone: 01656 646404
Website: www.control2k.co.uk

Products and Services:
Providers of INDUSTREWEB Data collection software for OEE reporting and shopfloor monitoring. Control Systems Integration and Training Services for Siemens, Rockwell, Omron and Schneider including Profibus/Profinet connectivity. City and Guilds Courses for PAT, 17th Edition, 2394/5 Inspection and Testing. Other courses include First Line Diagnostics, Pneumatics/Hydraulics and Multiskilling. Coming Soon, Robotics and CNC courses. Also provide Web Design and Services for selling products including ecommerce payment facilities. Very competitive rates.

World-leading research into

- High value manufacturing
- Additive manufacturing, robotics, industry 4.0
- Mechanical and structural performance
- Non-contact vibration analysis, composites
- Tribology and contact mechanics
- Lubrication, health monitoring
- Energy and waste
- Alternative fuels, emissions
- Magnetics and materials
- High performance electric vehicle motors
- Next generation technologies
- Catalysis, compound semiconductors

COPA-DATA UK Ltd
15th Floor, Brunel House, 2 Fitzalan Road, Cardiff, CF24 0EB
Telephone: 029 2032 9175
Website: www.copadata.co.uk

Products and Services:
We are the technological leader for process solutions in the automotive industry. Founded in 1987, we develop the software "zenon" for HMI/SCADA, dynamic production reporting and integrated PLC systems. zenon in the Automotive Industry provides you with fast, dependable, powerful automation that keeps you ahead. High availability, reliable productivity, maximum data security and usability, and powerful reporting. zenon keeps your automation agile, effortlessly integrating existing facilities, including building management, full operations and third-party systems.

Crabb Engineering Ltd
Unit 12 Aber Park Industrial Estate, Flint, Flintshire, CH6 5EX
Telephone: 01352 762 121
Website: www.crabbengineering.co.uk

Products and Services:
CNC machining of turned and milled precision components from customer drawings using ferrous and non-ferrous materials, small fabrication and welding services, customer product assembly services.

Crown Plastic Mouldings Ltd
Unit 4, Wyese Enterprise Park, Llanelwedd, Builth Wells, Powys, LD2 3UA
Telephone: 01982 554609
Website: www.crown-plastic-mouldings.co.uk

Products and Services:
Established in 1979, Crown has built up an extensive customer base with an outstanding reputation for service, excellence and product quality. Supplying to world wide automotive and commercial industries, we are fully conversant with processing an extensive range of thermoplastic raw materials.

CSM Pressings Ltd
Unit 40-42 Hirwaun Industrial Estate, Aberdare, Rhondda Cynon Taff, CF44 9UP
Telephone: 01685 813 454
Website: www.csmpressings.co.uk

Products and Services:
Manufacture of Metal Pressings, Tool Design and Manufacture, Laser Cutting, Welding and associated assemblies. Foam Fill Mould facility and Powder Coat Painting process.

Cydweithio Limited
14, Trade Street, Cardiff, CF10 5DT
Telephone: 07968 945741
Website: www.cydweithio.co.uk

Products and Service:
Cydweithio Ltd. is a supply chain lead company for an array of electronics and software companies with a full range of capabilities. They provide a full range of services from electronic prototype development, through circuit design, manufacture, software development (the full range, embedded real-time, server, desktop and mobile to Cloud). In addition, security consultancy and services cover both hardware level and 'Cyber security' to the full extent. IT system design, installation and maintenance services are also available from the Cydweithio led and managed supply chain.

Website: www.darwingray.com

Products and Services:
Darwin Gray delivers all aspects of commercial law, from resolving disputes to reviewing contracts, employment law, HR consultancy, property and construction. As well as straightforward legal advice, Darwin Gray also provides training on legal and HR issues. Darwin Gray's clients enjoy genuinely personal service. With a reputation for quality and for finding the most commercial solution, clients say they like the fact we listen to what they actually want, respond quickly, are fair and transparent.

Dawson Shanahan Ltd
Henfaes Lane, Welshpool, Powys, SY21 7BE
Telephone: 01938 551700
Website: www.dawson-shanahan.co.uk

Products and Services:
At Dawson Shanahan we provide specialised, custom-engineered solutions to customers around the world. We can work to your exact specification, or partner with your engineers to design, prototype and manufacture parts for new projects. Whatever your requirements, we can produce anything from one-offs to high volume orders, quickly, on time and to agreed budgets.

Denis Ferranti Group
Caernarfon Road, Bangor, LL57 4SP
Telephone: 01248 370370
Website: www.dfm-ltd.co.uk

Products and Services:
Over the last decade DFG has been developing hybridisation technology for the aerospace industry and in particular helicopters, in the form of motors/generators, controllers and power inverters. Projects include micro hybridisation of a gas turbine, back up motors for main engine failure and generation. Powers range from 20kW to 150k W. System topologies include both permanent magnet and induction. We have a number of future programmes for different customers. As is common in the industry, we have a worldwide irrevocable license to use the technology we have developed for our aerospace customers in domains outside of aerospace.

DiamondPak Ltd
Unit 2 Skewfields Roundabout, Pontypool, Torfaen, NP4 0XZ
Telephone: 01495 761040

More than just a packaging company

Our Credentials

- Decades of experience in Automotive Packaging
- Supply Chain Solution Specialists optimising every aspect of your supply chain
- Dedicated to producing packaging solutions that are 100% sustainable, engineered to the performance needs of your business and that help to reduce your total packaging and logistics costs
- Our solutions are bespoke and tailored to your business needs, whether you are shipping Lithium-Ion Batteries or Air Bags, Glass or Engines

We love to be challenged – put us to the test and let us optimise your packaging and save you money

Our Service

- Multi material packaging solutions
- Dangerous Goods Packaging (Air Bags, Batteries, Chemicals)
- In-house Facilities for transit and Dangerous Goods testing
- End to end analysis from tier 1 supply to line-side operations
- Specialists in CKD packaging operations and one-trip export by Air, Sea & Road
- Innovative designs, engineered to give greatest performance
- Global technical support throughout the Tri-Wall Group

Benefits for you

- Packaging solution that maximises your transport utilisation
- Easy packing / unpacking
- Reduced damage at your customers
- Reduced total cost of ownership
- Deliveries matched to your schedules
- Fast reacting service
- Reliable supply
- Packaging that works better for you
- Support, wherever your customers are situated
- Reduced handling costs through the supply chain

Work with us to create solutions that reduce the total cost of your supply chain

WE ARE SHAPING MOBILITY FOR TOMORROW

How will people travel in the future, and how will goods be transported? What resources will we use, and how many will we need? The passenger and freight traffic sector is developing rapidly, and we provide the impetus for innovation and movement. We develop components and systems for internal combustion engines that operate more cleanly and more efficiently than ever before. We are also pushing forward technologies that are bringing hybrid vehicles and alternative drives into a new dimension – for private, corporate, and public use. The challenges are great. We deliver the solutions.

ASTUTE 2020: Working with the Welsh Manufacturing Industry across Wales

The ASTUTE 2020 university partnership enables greater levels of business innovation in future manufacturing. We are supporting industry by applying advanced engineering knowledge to manufacturing challenges to develop advanced and sustainable future technologies.

ASTUTE 2020 will work with the high-value manufacturing industry across Wales through effective collaboration with academia, aiming to drive productivity and growth within the industry. We can support a variety of sectors by facilitating the development and adoption of advanced and sustainable manufacturing technologies, higher-value goods and services of the future for the global market.

INDUSTRY SUPPORT

We can help you by:

- leading and supporting cutting-edge Research, Development and Innovation
- increasing competitiveness and future-proofing
- encouraging the stimulation of ideas and challenges to foster knowledge exchange
- collaborating on Industry demand-led projects to de-risk new technologies
- stimulating successful partnerships and knowledge exchange between industry and academia

COLLABORATIVE BENEFITS

We can offer and provide access to:

- world-class academic expertise and technical experts
- state-of-the-art facilities and experimental equipment
- the application of intelligent systems, advanced techniques and bespoke software
- R&D projects developed by industry together with a dedicated ASTUTE 2020 technical manager.

MANUFACTURING FOCUS

We will focus our energies on your research challenges, utilising our expertise in:

- Advanced Materials Technology
- Computational Engineering Modelling
- Manufacturing Systems Engineering

Kautex Textron CVS Ltd. designs and manufactures windscreen washer systems for the automotive industry. Collaboration with the ASTUTE 2020 team enriched Kautex's expertise and knowledge and enabled them to develop technically advanced products:

"The quality and relevance of the work undertaken by ASTUTE 2020 was very important to the development of the fluidic chip design and has given good confidence in going forward with a manufactured saleable component."

Chris Davies,
Engineering Manager, Kautex Textron CVS Ltd.
